10. **Authority**

10.1 The Committee is authorised by the Board to investigate and undertake any matter within its terms of reference. It is authorised to seek any information it properly requires from any director, employee or professional adviser and all directors, employees and professional advisers are directed to co-operate with any requests made by the Committee.

10.2 The Committee is authorised by the Board to obtain outside legal, accounting or other professional advice and the advice of independent remuneration consultants and to secure the attendance of outsiders with relevant experience and expertise if it considers this necessary. The cost of obtaining such advice or services shall be borne by the Company within such limits as may be authorised by the Board from time to time.

11. **Duties**

The duties of the Committee are:

- (a) to determine and agree with the Board the framework or broad policy for the remuneration of the Chief Executive Officer, the Chief Operating Officer, the chairman of the Board (where executive), and other Executives as it is designated to consider. No director or manager shall be involved in any decisions as to their own remuneration;
- (b) in determining such policy, to take into account all factors which it deems necessary including the development of remuneration packages which motivate Executives and support the delivery of business objectives in the short, medium and long-term. The

objective of such policy shall be to ensure that Executives are provided with appropriate incentives to encourage enhanced performance and are, in a fair and responsible manner, rewarded for their individual contributions to the success of the Company;

- (c) to provide the packages needed to attract, retain and motivate Executives of the quality required (but avoid paying more than is necessary for this purpose) and to co-ordinate closely with the Company's nomination committee (if any) in relation to the remuneration to be offered to any new Executive;
- (d) within the terms of the agreed policy and in consultation with the Chairman of the Board and/or the Chief Executive Officer as appropriate (except in the case of their own remuneration), determine the total individual remuneration package of each Executive director and other senior Executives including bonuses, incentive payments and share options or other share awards;
- (e) approve the design of, and determine targets for, basic salary and fees, any performance related pay schemes, discretionary payments including compensation payments, pension contributions, benefits in kind and all forms of long term incentive schemes operated by the Company and approve the total annual payments made under such schemes;
- (f) to consider whether the Executives should be eligible for annual bonuses and, if so, to consider an upper limit for such bonuses;
- (g) to consider where to position the Company relative to other companies and to be aware what comparable companies are paying, taking account of relative performance and using such comparisons with caution;
- (h) to be sensitive to the wider scene, including pay and employment conditions elsewhere in the Company's group, especially when determining annual salary increases;
- (i) to approve the terms of any service agreement to be entered into with any Executive, bearing in mind that the performance-related elements of remuneration should form a significant proportion of the total remuneration package of Executives and should be designed to align their interests with those of the shareholders of the Company;
- (j) review the ongoing appropriateness and relevance of the remuneration policy;
- (k) review the design of all share incentive plans for approval by the Board and shareholders. For any such plans, determine each year whether awards will be made, and if so, the overall amount, timing, exercise price and conditions of such awards, the individual awards to executive directors and other senior executives and the performance targets to be used and to consider whether the Executives should be eligible for benefits under long-term incentive schemes and to weigh traditional share option schemes against other kinds of long-term incentive schemes;
- (l) to approve any amendments to be made to the rules of the share options schemes or the adoption of a new replacement scheme of the Company or its subsidiaries (except where such amendments require shareholder approval);

- (m) determine the policy for, and scope of, pension arrangements for each Executive director and other senior Executives and to consider the pension consequences and associated costs to the Company of basic salary increases and other changes in remuneration, especially for Executives close to retirement;
- (n) ensure that contractual terms on termination, and any payments made, are fair to the individual, and the Company, that failure is not rewarded and that the duty to mitigate loss is fully recognised;
- (o) to consider and determine what compensation commitments (including pension contributions) the Executives' service agreements, if any, would entail in the event of early termination. Particular consideration should be given to the advantages of providing explicitly in the initial contract for such compensation commitments except in the case of removal for misconduct;
- (p) in early termination cases where the initial contract does not explicitly provide for compensation commitments, to tailor its approach (within legal constraints) to the circumstances. The Committee should ensure that poor performance is not rewarded, while dealing fairly with cases where departure is not due to poor performance and to take a robust line on reducing compensation to reflect departing Executives' obligations to mitigate loss;
- (q) in determining such packages and arrangements, give due regard to any relevant legal requirements, including the provisions and recommendations in the Quoted Companies Alliance Corporate Governance Code and associated guidance and any published guidelines regarding the remuneration of directors of companies whose shares are traded on AIM (as applicable);
- (r) oversee any major changes in employee benefits structures throughout the Company or group;
- (s) set the policy for authorising claims for expenses from the directors;
- (t) ensure that all provisions regarding disclosure of remuneration packages, structures, policy, including pensions are fulfilled;
- (u) be exclusively responsible for establishing the selection criteria, selecting, appointing and setting the terms of reference for any remuneration consultants who advise the Committee;
- (v) make available the Committee's terms of reference for inspection at the registered office of the Company which should set out the Committee's delegated responsibilities and be reviewed and, where necessary, updated annually; and
- (w) to consider other matters as referred to the Committee by the Board.

12. Exclusions

The remuneration of the Company's non-executive directors (including the Chairman of the Board if a non-executive) shall be a matter for the Chairman of the Board (if executive) and the

Company's executive directors. Further, no director or manager of the Company shall be involved in any decisions as to their own remuneration.

13. **The Committee**

13.1 The Committee shall have access to sufficient resources in order to carry out its duties, including access to the Company Secretary for assistance as required.

13.2 The Committee shall be provided with appropriate and timely training, both in the form of an induction programme for new members and on an ongoing basis for all members.

13.3 The Committee shall, at least once a year, review its own performance, constitution and terms of reference to ensure it is operating at maximum effectiveness and recommend any changes it considers necessary to the Board for approval.

14. **Reporting Procedures**

The Committee shall make whatever recommendations to the Board it deems appropriate on any area within its remit where action or improvement is needed.

15. **General**

Any of the terms set out in this document may be varied by a majority resolution of the Board.
